sales@scorpioncase.com

**Notes on sizing:**

The foam lining thickness is subtracted from the overall interior useable storage space. For example: A case with 20" x 15" x 15" interior bare dims, if lined with 1" foam, would have 18" x 13" x 13" of useable storage space.

Hardware Key:

1/4" = 1/4" ATA construction
3/8" = 3/8" ATA construction
2ML = 2 medium recessed twist latches
4ML = 4 medium recessed twist latches
2LL = 2 large recessed twist latches
4LL = 4 large recessed twist latches
H = Hinge
1H = 1 spring-loaded handle
2H = 2 spring-loaded handles
3H = 3 spring-loaded handles
4H = 4 spring-loaded handles

Options Key:

PTW* = Pull-out handle and tilt wheels (add \$75.00)
(PTW option will reduce the available interior space height by 1 1/2")
TW = Tilt wheels only (add \$50.00)
C = 4" x 1-1/4" swivel casters with 3/4" casterboard (add \$85.00)
